# EMMA JOHNSEN

With over 17 years of experience in the early years sector and drawing upon my expertise as an Education & Practice advisor, I have developed a deep-rooted passion for early childhood education. I am committed to guiding you and your team towards creating enriching programs, nurturing pedagogies, and inspiring learning environments that prioritise the well-being and development of every child, family, and community member.

Central to my philosophy is the belief that early childhood education should always honour each child's unique identity and experience.

Driven by my genuine love for early childhood, I am dedicated to fostering best practices and cultivating pedagogical excellence within the early learning landscape across Australia.
